## PREFACE

Under the authority contained in Section five (5) of the Act of February 27, 1901, this volume has been prepared and published. The section is as follows:

"An official and statistical register of the State of Alabama shall be compiled every two<sup>1</sup> years by the Director, to contain (1) brief sketches of the several State officials, the members of Congress from Alabama, the Supreme Court Judges, the members of the Senate and House of Representatives of the State of Alabama: (2) rosters of all State and County officials; (3) lists of all State institutions, with officials; (4) State and county population and election statistics, and (5) miscellaneous statistics; and said register shall be published in an edition of one thousand copies for free distribution, the printing and binding to be paid for as other printing and binding hereinbefore provided."

The object of the publication is to present, in authoritative statistical form, the details of the organization of the State government, lists of officials, sketches of officials, and such miscellaneous and general data on the State and State affairs as may be of helpful service. The compilation has been made with great care. All names and dates are drawn from official sources as far as possible. No facts, not believed to be reliable and well-authenticated, have been admitted.

Throughout the country, books of this character are regarded as of first importance. It is hoped that this volume will prove not only of immediate use and value, but that it will be a permanent contribution to the official literature of Alabama. The last issue was published in 1947.

# INTRODUCTION

## STATE NAME

The etymology of the word or name Alabama has evoked much discussion among American philological students. It was the name of a noted Southern Indian tribe, whose habitat, when first known to Europeans, was in central Alabama. The greatest river in the State received its name from this tribe, and from the river, in turn, the name of the State was derived. The tribal name Alabama is spelled in various ways by the early chroniclers, Spanish, French and English, some of which forms are here given: Alabama, Albama, Alebamon, Alibama, Alibamo, Alibamou, Alibamon, Alabamu, Allibamou. The name first occurs in three of the chronicles of DeSoto's expedition, of 1540, written Alibamo by LaVega, Alibamu by the Knight of Elvas, and Limamu by Ranjel. In the last form the initial vowel is dropped, and in both the last two the first "m" is used for "b," an interchange of these two consonants being common in Indian languages. The name, as recorded by these chroniclers, in this case, was the name of a subdivision of the Chickasaws, not the historic Alabamas of later times.

The popular belief, which is engrafted in a number of current histories and geographies, is that Alabama signifies, "Here we rest." This very pleasing etymology, during the fifties of the last century, obtained a wide currency through the writings of Judge A. B. Meek. But the very first account of the origin of the name as far as is now known, is contained in an issue of the *Jacksonville Republican*, Jacksonville, Ala., July 27, 1842. Whether Judge Meek himself was the author of this etymology, traced back to this source, is a question as yet unanswered.

As to the Muscogee origin of the name, thorough experts in that dialect have confessed their inability to find in it any word or phrase similar to Alabama and meaning "Here we rest."

But the problem is not hopeless. According to the recent investigations of Indianologists, the tribal name, Alabama, must be sought in the Choctaw tongue, as it was not uncommon for tribes to accept, as a national or tribal name, an appellation bestowed upon them by some contiguous tribe. The late Rev. Allen Wright, a highly educated Choctaw, translates the name as "Thicket-clearers," compounded of "Alba," *a thick or mass of vegetation*, and "amo" *to clear, to collect, to gather up*.

H. S. Halbert by independent study, about the same time, arrived at the same conclusion as that given by Mr. Wright, and translates the name as "Vegetation-gatherers," that is, gatherers of vegetation in clearing land for agricultural purposes. The word "alba" means such small vegetation as herbs, plants, shrubs and bushes, which were gathered in clearing land, and the word can be applied collectively to a thicket. Hence the translation as given by the Rev. Allen Wright and that

of Mr. Halbert practically agree. The passive voice of amo is almo. In elaborating his views in defense of his position, Mr. Halbert gives two examples of Choctaw local names, "Kantak almo" and "Oski almo, meaning respectively, "*China brier there gathered, and Cane there gathered.*" If the tribes or clans living at these localities had received special names from their avocations, they would have been known as Kantakamo and Oskamo, just as the noted Indian tribe in the pre-historic past could well have received the name Alba amo by fusion of vowels Albamo, from some neighboring Choctaw-speaking tribe, not yet emerged from the hunting into the agricultural state.

Confirmatory of the position of Rev. Allen Wright and the independent conclusions of Mr. Halbert, the definitions of "alba" and "amo" in Rev. Cyrus Byington's "Dictionary of the Choctaw Language" are given below. The manuscript of this work, prepared prior to 1856, has been published by the Bureau of American Ethnology, under the editorial direction of Dr. John R. Swanton and Mr. Halbert. The words and their definitions are as follows:

"alba, n., vegetation; herbs; plants; weeds.

"amo, v. t. pl. to pick; to pull; to trim to mow to reap, Matt. 6:26; to cut clip; to gather, Luke 6:44; to cut off to crop to rid; to shear; to slip; *panki an aiamo*, gather grapes of, Matt. 7:16; *shumati akon aiamo*, gather of thistles; *tabli*, sing.

"amo, n., a gatherer; a picker; a shearer."

It is an interesting fact that the late Dr. Albert S. Gatchet's, *Creek Migration Legend*, p. 85, accepts the etymology of Rev. Allen Wright as above set forth.

Dr. Wm. S. Wyman, of Tuscaloosa, one of the best known students of the State, inclined to the belief that the word means *Mulberry people*. He says that on the oldest French maps the Alabama river is called "Coussa," from which he conjectures that the name Alabama was first given to it by the French, after they built Fort Toulouse in 1714. He says further that in Tristan de Luna's time (1559) the river was sometimes called "Olibahah," or "Ullibali," which is pretty close to the French form, "Alibamon," or "Alabamo." In the language of the Alabama tribe he says that "Ullebehalli" means *Mulberry people*.

Inquiry among the early Indians themselves appears to have been without results as to the meaning of the word. Gen. Thomas S. Woodward in his fascinating book *Reminiscences of the Creek or Muscogee Indians*, p. 12, says: "I had heard Col. Hawkins say in his time, that he had made every inquiry in his power to ascertain if *Alabama* had any other meaning than the mere name of an Indian town, but never could,

unless the name—as it was possible—might be the Indian corruption of the Spanish word for *good water*, though he doubted that.”

Discarding then, “Here we rest” as something philologically untenable, but retaining it as something that may hold its own in the realm of poetry and romance, we may look forward with confidence to the investigations of scholars which may fully solve the mystery of the name. And until supplanted by something upon which not a shadow of doubt may rest, we may for the present be content with the “Vegetation-gatherers,” who in their aboriginal field-making, were surely and necessarily “Thicket-clearers.”

The suggested etymology may be thought a trifle prosaic as compared with the romantic expression, heretofore associated with the Indian anabasis from the west, but in truth it is quite as poetic, besides, it far more nearly represents the character of Alabamians, both in the past and in the present era of growth, when with uplifted aspirations and clear vision they are *opening the way* to newer ideals and the development of the best in life and human endeavor.

## STATE BOUNDARIES

Alabama is bounded on the north by Tennessee, east by Georgia, south by Florida and the Gulf of Mexico, and west by the State of Mississippi. The several sections of the Code of Alabama, 1923, containing a description of the State boundaries, with reference to the decisions of the courts thereon, are as follows:

85. (83) (623) (12) (16) (15) *Boundaries of State*—The boundaries of this State are established and declared to be as follows, that is to say: Beginning at the point where the thirty-first degree of north latitude crosses the Perdido river; thence east to the western boundary line of the State of Georgia; thence along said line to the southern boundary line of the State of Tennessee. Thence west along the southern boundary line of the State of Tennessee, crossing the Tennessee river, and on to the second intersection of said river by said line; thence up said river to the mouth of Big Bear Creek; thence by a direct line, to the northwest corner of Washington county, in this State as originally formed; thence southerly along the line of the State of Mississippi to the Gulf of Mexico; thence eastwardly, including all islands within six leagues of the shore, to the Perdido river; and thence up the said river to the beginning.

Boundaries of Mississippi Territory, Toulmin's *Digest*, p. 76; territory ceded by Georgia, Toulmin's *Digest*, p. 77; territory called Alabama; Toulmin's *Digest*, p. 78. (Aiken's *Digest*, p. 29, par. 4; p. 30, par. 6; Clay's *Digest*, p. 47, par. 4; p. 48, par. 6.)

Note.—A strip twelve miles wide on the northern part of the State was ceded by South Carolina to the United States, and then granted to the Mississippi Territory.

86. (84) (624) (13) (17) (16) *Boundary Between Alabama and Georgia*—The boundary line between Alabama and Georgia commences on the west side of the Chattahoochee river, at the point where it enters the State of Florida; from thence up the river, along the western bank thereof, to the point on Miller's Bend, next above the place where the Uchee creek empties into such river; thence in a direct line to the Nickajack.

Clay's *Digest*, p. 48, par. 9. In *Howard v. Ingersoll*, 17 Ala. 780, the boundary of the State, it was held commenced at a low-water mark, on the west side of the Chattahoochee river, from the point where it enters the present State of Florida, to the "great bend" next above the place where the Uchee creek empties into the said river. In other words, low-water mark on the west side of the Chattahoochee river was the line which separated the jurisdiction of the State of Alabama from the State of Georgia. On writ of error to the Supreme Court of the United States, the decision was reversed, a majority of the court holding that the boundary line between the two States, was not low-water mark on the west side of the Chattahoochee river, but a line running up the river on and along its western bank, and that the jurisdiction of Georgia extended to the line which is washed by the water wherever it covers the bed of the river within its banks. The permanent fast land bank governs the line. From the lower edge of the bank the bed of the river commences, and the jurisdiction of Georgia extends to the lower edge of the bank on the west side of the river. Nelson and Grier, JJ., dissenting, held that the true boundary line between the States of Georgia and Alabama, was not a line drawn on the bank or bluff of the river, at high-water mark, but the line marked by the permanent bed of the river, by the flow of water at its usual accustomed stage, and where the water will be found at all times in the season, except when diminished by drought or swollen by freshet.—*Howard v. Ingersoll*, 13 Howard 381.

The boundary line between the States of Georgia and Alabama depends upon the construction of the following words of the contract of cession between the United States and Georgia, describing the boundary of the latter, namely: "West of a line beginning on the western bank of the Chattahoochee river, where the same crosses the boundary between the United States and Spain, running up the said river, and along the western bank thereof."—*State of Alabama v. State of Georgia*, 23 Howard, U. S. 505.

"It is the opinion of this court that the language implies that there is ownership of soil and jurisdiction in Georgia, in the bed of the river Chattahoochee, and that the bed of the river is that portion of its soil which is alternately covered and left bare, as there may be an increase or diminution in the supply of water, and which is adequate to contain it as its average and mean stage during the entire year, without reference to extra-

ordinary freshets of the winter and spring, or the extreme drought of summer or autumn."—*Ib.*

The western line of the cession on the Chattahoochee river must be traced on the water-line of the acclivity of the western bank, and along that bank where that is defined; and in such places on the river where the western bank is not defined, it must be continued up the river on the line of its bed, as that is made by the average and mean stage of the water, as that is expressed in the conclusion of the above recited paragraph."—*Ib.*

By the contract of cession, the navigation of the river is free to both parties.—*Ib.*

87. (85) (625) (14) (14) (18) (17) *Boundary Between Alabama and Florida.*—The boundary line between Alabama and Florida is the line commonly known as the "mound line," or "Ellicott's line," as distinguished from a "blazed line," known as the "Upper" or "Coffee line," commencing at a point on the Chattahoochee river, near a place known as "Irwin's Mills;" and from thence to the Perdido river, marked the whole distance by blazes on the trees and by mounds of earth, at distances of about one mile.

## STATE CAPITAL

During its existence as a Territory and State, since March 3, 1817, Alabama has had several capitals. St. Stephens was designated in the act creating the Territory as the temporary seat of government, and there the two sessions of the Territorial legislature were held. The first Constitutional Convention was held, in accordance with the enabling act, in Huntsville in 1819, and the first session of the State Legislature was also held there.

The Territorial Legislature, however, had chosen Cahaba as the site for the capital of the State, and the second session of the Legislature was held there in 1820. Cahaba was designated as the seat of government in the Constitution, but the Legislature was required at the session of 1825-26 "to designate by law (to which the executive concurrence shall not be required) the permanent seat of government, which shall not thereafter be changed." Cahaba proved to be a very poor and injudicious selection, owing to health conditions, and to its situation, being subject to overflow. In 1826 Tuscaloosa was chosen as the location of the capital, and there it remained until the session of 1845-46. At this time, after a sharp contest between many rival towns, Montgomery was selected. The session previous had proposed a constitutional amendment, striking out the section permanently locating the seat of government, and this amendment had been adopted at the polls.

In selecting Montgomery the Legislature expressly provided by act that the State should be put to no expense in securing lands or in the erection of a capitol building. The citizens of the town at once organized, under the leadership of Col. Charles T. Pollard, Col. A. J. Pickett and others, secured the site, and began the erection of a building. Bonds for \$75,000.00 were issued by the municipality to pay for construction. These bonds were taken up by local real estate dealers and by local capitalists. The plan of the new capitol was drawn by Stephen D. Button; and the contractors were Messrs. B. F. Robinson and R. W. R. Bardwell. It was completed and occupied by the Legislature at its session of 1847-48, the first session held in Montgomery. On December 14, 1849, during the second session held in Montgomery, the building was destroyed by fire. On February 11, 1850, the Legislature made an appropriation of \$60,000.00, with which the central section of the present building was erected substantially on the foundations of the burned structure.

During the administration of Gov. William H. Smith several improvements were made, which added convenience and beauty to the lower floor of the building.

From the time of its completion in 1851 until 1885 no increase in its capacity had been made. In the latter year, Feb. 17, the Legislature made an appropriation of \$25,000.00 for "needed enlargement." This expenditure resulted in the erection of the rear extension.

In 1903 the Legislature appropriated \$150,000 with which the South end of the Capital Square was purchased and the South wing erected in 1905-06; and in 1911 an appropriation of \$100,000 was made with which a North wing was added.

## STATE EXECUTIVE MANSION

Until the purchase of the stately new Governor's mansion, the Chief Executive resided in a mansion which was purchased by the State for that purpose in 1911. That residence was erected in the City of Montgomery, at 702 S. Perry Street, in 1906 by Moses Sabel and cost the State \$46,500.00, including sundry furnishings. The State had never previously owned an official residence for the use of its Governor. A commission of seven members was provided in the Act authorizing the purchase of the mansion, including the Governor, Secretary of State, Attorney General, Director of the Department of Archives and History and three other citizens. The first to occupy the mansion was Governor Emmett O'Neal. He was succeeded by Governors Charles Henderson, Thomas E. Kilby, William W. Brandon, Bibb Graves, Benjamin M. Miller, Governor Graves again, Frank M. Dixon, Chauncey Sparks and James E. Folsom.

In October 1950, the State commission authorized to acquire land in proximity to the Capitol, consisting of Governor James E. Folsom, Attorney General Albert A. Carmichael and Supreme Court Justice Joel Brown, purchased from the heirs of the late General R. F. Ligon, his former home at 1108 S. Perry Street, only a few blocks away from the existing mansion. The purchase price was \$100,000.00, including some furnishings but the final cost for renovating the property and additional furnishings totaled \$230,000.00, which was paid by the Capitol Building Commission and an additional appropriation by the Legislature in June 1951. The new mansion is a very handsome building, in the Greek style with large columns at the front and very spacious inside with two pairs of winding stairs in the front hall leading to the floor above. At the rear of the mansion there is a large and beautiful formal flower garden, one of the best landscaped in the city. It extends through the block to Court Street, surrounded by a high ornamental wall.

Governor Folsom did not move into the new mansion as he preferred remaining where he had been during the first years of his term of office. The newly elected Governor, Gordon Persons and family were the first to occupy the former Ligon home as a Governor's mansion, moving in on the day of his inauguration, January 15, 1951.

The old mansion was allocated by State Finance Director D. W. Hodo, to the State Military Department. It was necessary to make some changes to put the old mansion in use as an office building but a great saving was effected by the State in rentals previously paid for quarters for the Military Department.

## STATE SEAL

## GREAT SEAL OF ALABAMA

Used for the first fifty years of the State's history. Readopted as the Great Seal of Alabama by the Legislature of 1939.

When William Wyatt Bibb in 1817, was appointed Governor of the newly created Alabama Territory by President Monroe and opened Territorial offices in St. Stephens, he realized that the commissions and other State papers which he issued needed an official seal. Under a law of Congress a Territorial Governor was authorized to select a design for a seal. Governor Bibb realized that no design would be more effective than a map of the State showing its noble river courses. He therefore had a seal made carrying that design. Around the map which also showed the States bounding Alabama, were the words "Alabama Executive Office." No other Department of State used that seal in any way whatever.

In 1819 when Alabama became a State, the Territorial seal was designated by the first Legislature as the State Seal, and was in use for fifty years. In 1868, the Reconstruction Legislature, made up in large part of men from other States who had come to Alabama as "Carpetbaggers" to take over the affairs of the State, after the War Between the States, and partly of Negroes who had been put in the Legislature by these out-of-State men, the beautiful old seal which was definitely an Alabama emblem was abolished. These "Carpetbag" members of the Legislature who abolished the State's significant old seal desired to brand the people of Alabama who had so lately been in arms against the Union with a United States emblem. The Legislature therefore had a new seal made. It consisted of the shield of the United States seal and on the shield was an eagle. In the beak of the eagle was a scroll on which was written the words "Here We Rest." An Alabama author many years before had written an Indian legend which he later declared was purely fictitious, to the effect that the Indian word "Alabama" meant "Here We Rest." Later students of the subject declared that Alabama meant "This is a goodly land, here we will make our home." Around the new emblem were placed the words "Alabama Great Seal." This Great Seal was used for seventy-one years to authenticate official documents by the Governor and the

Secretary of State. Many officials used it as the letterhead of their stationery.

When the Legislature of 1939 assembled, a Bill was introduced to restore the original seal as the Great Seal of Alabama. This movement had been sponsored by the Alabama Division, United Daughters of the Confederacy, and there was not a dissenting vote, when the Bill came up for action, either in the Senate or the House. Governor Frank M. Dixon approved the new law and the Secretary of State at once had a new Great Seal engraved. Once more the people of Alabama have a Great Seal that carries its own State map showing its magnificent rivers. At the time Governor Bibb first designed this executive seal there were no good roads in Alabama and all heavy shipping was done by the rivers. Nothing was known about the use of waterfalls for the manufacture of hydro-electric power. Today our great cities and our farm homes are lighted with the power of our rivers. Great industrial enterprises are carried on with electricity from that power. The same Legislature that passed a law restoring the map of the State as the Great Seal also passed a law providing for a coat-of-arms. Instead of the people of Alabama having to defend the phrase "Here We Rest" which implied to some that our people were lacking in energy and industry, we now have a proud motto on our State coat-of-arms. The English translation of the motto is "We dare defend our rights."

### STATE COAT-OF-ARMS

STATE COAT-OF-ARMS  
Adopted by the Legislature of 1939

Since the beginning of recorded history distinguishing symbols have been used by nations, tribes, families and chieftains. Authors of Roman and Greek history have described the devices on the shields of heroes. These devices were also preserved in pictures and on antique vases. The ancient Chinese Empire was represented by the five-clawed dragon, and the Emperor of Japan by the chrysanthemum. Notable clans in the oriental world as well as in Europe are signalized by heraldic emblems. When the Spaniards invaded Mexico, Indian chiefs bearing shields and banners met them. Indeed, the eagle on the present banner of Mexico is perhaps a copy of the eagle that was

carved over the palace of Montezuma. There was not an Indian tribe in the Western world that did not have its tribal totem poles, many of which are still preserved in museums. Often these heraldic tribal or family symbols were tattooed or painted upon the bodies of the tribesmen. Heraldic designs in Western Europe are traced back to the dark ages. The tournament laws of Henry, the Fowler, required that contenders in the tournament should show four generations of arms-bearing ancestors.

No State in the Union has a more historically significant coat-of-arms than Alabama now boasts. The Bill to legalize a State coat-of-arms was introduced in the Alabama Legislature of 1939 by Hon. James Simpson, of Jefferson County and was passed without a dissenting vote by both Houses. The coat-of-arms consists of a shield on which appears the emblems of the five governments that have held sovereignty over Alabama, either in whole or in part, for four hundred years—Spain, France, Great Britain, the United States, the Confederacy and again the United States. This shield is supported on either side by eagles, symbolic of courage. The crest is a ship of the model of the ships in which Iberville and Bienville sailed to our country from France and settled the first colony of white men in the Mobile county in 1699. The ship as the crest of the shield is also significant of the fact that Alabama is a maritime State. The motto beneath the shield in Latin is “Audemus jura nostra defendere.”<sup>1</sup> Beneath the motto is the State name —“Alabama.”

The original design of the Alabama coat-of-arms was made in 1923 by B. J. Tieman, of New York, a distinguished authority on heraldry, at the request of Mrs. Marie Bankhead Owen, Director of the State Department of Archives and History. A few years later Mrs. Naomi Rabb Winston, of Washington, D. C., painted the completed design in oil. Mrs. Owen selected the motto which was put into Latin by Professor W. B. Saffold, of the University of Alabama. It was through the influence of Mrs. Juliet Perry Dixon, wife of Governor Frank M. Dixon, that official action was taken by the Legislature.

## STATE FLAG

The flag of the State of Alabama was adopted by Act of February 16, 1895, introduced into the House of Representatives by Hon. John W. A. Sanford, Jr., then a member from Montgomery county. See *Acts*, 1894-95, p. 719. The following is the statutory description, taken from the *Code of Alabama*, 1907, vol. 1, section 2058 and 2059:

“2058. (3751) *Flag of the State*.—The flag of the State of Alabama shall be a crimson cross of St. Andrew on a field of white. The bars form-

---

<sup>1</sup>Ou-do-mus ya-ra nos-tra da-fen-de-re.—“We Dare Defend Our Rights.”

ing the cross shall not be less than six inches broad and must extend diagonally across the flag, from side to side."

2059. (3752). *When Displayed.*—The flag of the State shall be hoisted on the dome of the capitol when the two houses of the Legislature are in session, and shall be used by the State on all occasions when it may be necessary or customary to display a flag, except when, in the opinion of the governor, the national flag should be displayed."

From the foregoing description, and from local inquiry as to the form of design submitted in connection with the original bill, the flag was intended by the Legislature to preserve in permanent form some of the more distinctive features of the Confederate battle flag, particularly the St. Andrews' cross. This being true, the Alabama flag should be square, and in all of its lines and measurements conform to the well-known battle flag of the Confederacy.

On referring to the regulations governing the Confederate battle flag, it is found that it must be forty-eight inches square, with the arms of the cross eight and one-half inches wide over all, that is, the blue arms with the white border. The law providing for the Alabama State flag merely declares that the arms shall not be less than six inches broad, with the further provision that they must "extend diagonally across the flag from side to side." The latter is intended to mean that the bars must cross each other at right angles, and that the ends of the bars must divide equally at each corner. In the event a larger or smaller size should be desired, the measurements increase or diminish proportionately.

The regulations for the battle-flag also provide for a border of one and one-half inches. Therefore, the proper size for the Alabama State flag would be fifty-one inches square over all, with the arms of St. Andrew's cross eight and one-half inches wide over all, extending diagonally across the flag from side to side, the ends of the bars dividing equally at each corner.

Under an Act approved September 26, 1923, the flag of the State, as well as the flag of the United States, is required to be displayed every day on which school is in session, at all schools in the State which are supported even in part by public funds. The Act does not intend the flag to be displayed on the walls of the building, but the State Superintendent of Education has ruled that it shall be hoisted on a pole provided for this purpose. Section 4 of the Act requires the School Board of the county to furnish and pay for the several flags used in the county. Hon. George W. Randall, Senator from the Eighteenth District, is the author of this latest Act.

## STATE FLOWER

A bill introduced in the Legislature, 1927, by Representative T. E. Martin, of Montgomery county, making the Goldenrod the State Flower, became a law September 6, 1927. Alabama's interest in the Goldenrod as its State Flower is due to efforts made by Mrs. Aurora Pryor McClellan, of Athens, Ala., beginning at a floral convention held in Athens, Oct. 25, 1889. At that time interest was widespread in suggestions for a National flower. Mrs. McClellan advocated the Goldenrod and continued her advocacy of that flower until her death.

## ALABAMA'S GOLDENROD

*By Frances R. Durham*

From the Gulf in the south to the mountains  
That lift their fair strength to the skies,  
The goldenrod springs in bright fountains,  
The crest of the goldenrod flies.  
Out of the dusk of the grasses  
Where the meadows lie rich and broad  
Are spun the starry masses  
Alabama's goldenrod.

A largesse for all of her living  
A wreath for her sacred dead;  
This land that is fruitful with giving  
This land by a thousand streams fed,  
Acclaims a gallant flower,  
By every hill and road,  
As her emblem of pride and power,  
Alabama's goldenrod.

### THE STATE TREE

The "Southern Pine" was specified as the State Tree of Alabama by the Legislature of 1949, but Mr. Hugh Kaul, of Birmingham, who introduced the Bill said the Long Leaf Pine was meant. There are twelve species of pines that grow in the Southern States, the long leaf, the slash pine, the loblolly and the short leaf are known as the "big four." But the Long Leaf was meant by Mr. Kaul to be the State Tree of Alabama.

### STATE BIRD

A bill introduced in the Legislature, 1927, by Representative T. E. Martin, of Montgomery county, making the Yellowhammer the State Bird, became a law September 6, 1927. Alabama has been known since the period of the War Between the States as the "Yellowhammer State." This nickname was applied to the Confederate soldiers from Alabama

owing to the fact that the colors of the Confederate uniform and the yellow trimmings of the cavalry correspond to that bird. Mr. John D. Giddens, of Leighton, Colbert county, Ala., a member of Co. E., Russell's Brigade, Confederate States Army, is responsible for the following account of the incident that led to the name being given to Alabama soldiers:

"The term, Yellowhammer, applied to Alabama and the Alabamians, originated with a Confederate soldier named Will Arnett who belonged to Company A of N. B. Forrest's original regiment at Hopkinsville, Ky., in 1861.

"When the company from Huntsville, Alabama, the Captain of which was Rev. D. C. Kelly, who became one of Forrest's Majors, and which was afterwards commanded by Lieutenant Nance, arrived at Hopkinsville, the officers and men were handsomely uniformed and on the sleeves, collars and tails of their coats were bits of brilliant yellow cloth. Forrest's troops all turned out to receive the Alabamians. As they marched past Company A, Will Arnett, who was a great wag, cried out at sight of their yellow trimmed coats, 'Yellowhammer—yellowhammer—flicker—flicker—flicker.' There was a roar of laughter at this apt wit and from that moment the Huntsville soldiers were spoken of as the Yellowhammer Company, a term that quickly spread throughout the Confederate Army and was applied to the State of Alabama, so today we have the Yellowhammer State."

## STATE SONG

The words of "Alabama," the State song, were written by Miss Julia S. Tutwiler, a distinguished educator and humanitarian. It was first sung to an Austrian air but in 1931 through the interest of the Alabama Federation of Music Clubs, a tune written by Mrs. Edna Gockel Gussen, of Birmingham, was adopted by the Legislature as the official State song. The Bill was introduced by the Hon. Tyler Goodwyn, of Montgomery, and was approved by Governor B. M. Miller.

The inspiration for writing the poem "Alabama" came to Miss Tutwiler after she returned to her native State from Germany where she had been studying new educational methods for girls and women. She found the people of Alabama greatly depressed due to Reconstruction conditions following the War Between the States. She recalled that in Germany patriotism was kept aflame by spirited songs. She thought that it would be helpful toward restoring the spirits of her own people to give them a new patriotic song; so she wrote a father-land song for us and called it "Alabama." The substance of the song is that we live in a land of wide rivers that have beautiful Indian names; that many flowers bloom in Alabama to make the land bright with color and sweet with perfume. She recalled to our minds the fact that orange trees grow on our seashore and that on our fertile land grows snowy cotton for our clothes and golden corn for our food; that inside the earth are mines of coal and iron and quarries of marble. But best of all she emphasized the fact that the people of Alabama are brave and true.

## ALABAMA

*By Miss Julia S. Tutwiler*

The music by Mrs. Edna Gockel Gussen, of Birmingham, was adopted by the State Federation of Music Clubs, and through their efforts the following H. J. R. was adopted March 3, 1931, by the Legislature:  
No. 128

H. J. R. 74

Goodwyn

To approve and adopt the original musical setting by Mrs. Edna Gockel Gussen, of Birmingham, Alabama, of the words of the poem "Alabama," by Julia S. Tutwiler and make the same the State song of Alabama. Approved by the Governor,  
March 9, 1931.

## 1

Alabama, Alabama

We will aye be true to thee,

From thy Southern shore where  
groweth,

By the sea thine orange tree.

To thy Northern vale where floweth,

Deep and blue thy Tennessee,

Alabama, Alabama,

We will aye be true to thee!

## 2

Broad the Stream whose name thou  
bearest;

Grand thy Bigbee rolls along;

Fair thy Coosa—Tallapoosa

Bold thy Warrior, dark and strong,

Goodlier than the land that Moses

Climbed lone Nebo's Mount to see,

Alabama, Alabama,

We will aye be true to thee!

## 3

From thy prairies broad and fertile,

Where thy snow-white cotton shines,

To the hills where coal and iron

Hide in thy exhaustless mines,

Strong-armed miners—sturdy farm-  
ers;

Loyal hearts whate'er we be,

Alabama, Alabama,

We will aye be true to thee!

## 4

From thy quarries where the marble

White as that of Paros gleams

Waiting till thy sculptor's chisel,

Wake to life thy poet's dreams;

For not only wealth of nature,

Wealth of mind hast thou to fee,

Alabama, Alabama,

We will aye be true to thee!

## 5

Where the perfumed south-wind  
whispers,

Thy magnolia groves among,

Softer than a mother's kisses,

Sweeter than a mother's song;

Where the golden jasmine trailing,

Woos the treasure-laden bee,

Alabama, Alabama,

We will aye be true to thee!

## 6

Brave and pure thy men and women,

Better this than corn and wine,

Make us worthy, God in Heaven,

Of this goodly land of Thine;

Hearts as open as our doorways,

Liberal hands and spirits free,

Alabama, Alabama,

We will aye be true to thee!

## 7

Little, little, can I give thee,

Alabama, mother mine;

But that little—hand, brain, spirit,

All I have and am are thine,

Take, O take the gift and giver,

Take and serve thyself with me,

Alabama, Alabama,

I will aye be true to thee!

## GENERAL RULES OF ORDER AND PROCEDURE

Rule 1. The doorkeeper shall, ten minutes before the hour fixed for the meeting of the House, clear the House of all persons not entitled to the floor. It shall be the duty of the doorkeeper to see to it that all persons not entitled to the privileges of the floor are at all times excluded.

Rule 2. The Speaker shall take the Chair every day at the hour fixed on the preceding adjournment. He shall immediately call the members to order, and on the appearance of a quorum cause the journal of the preceding day to be read.

Rule 3. The order of business in the House shall be:

- (1) Report of the Committee on Rules.
- (2) Reports of other standing committees of bills or resolutions which shall be forthwith read by their titles a second time. In the call of committees the Speaker shall call them in their order. If the Speaker does not finish the call of committees before the House passes to other business, he shall resume on the next call where he left off.
- (3) The call of counties in alphabetical order for the introduction of bills, resolutions, memorials, and petitions. If the call has not been completed by the hour of 12 M., the Speaker shall resume on the next day.
- (4) Whenever any message is received notifying the House of the passage of Senate bills, the Clerk shall, immediately after the message is read, proceed to read the bills by title, unless the reading at length be called for by some member, in which event the bills shall be read at length and referred forthwith to a committee. The House shall then proceed with the business upon which it was engaged when the message was received.
- (5) The unfinished business in which the House was engaged at its last adjournment.

When the hour of 12 M. arrives, or before that hour if the call of counties has been completed, business shall proceed in the following order:

- (6) Executive messages shall have priority over other business, and as soon as they are received they shall be read by the Clerk and a proper disposition made of them; and the House shall thereupon proceed with the business engaged in when interrupted by the message.
- (7) Bills and resolutions on the calendar shall be taken up at 1 P. M. on each day, unless reached earlier; and no bill or resolution on the calendar shall be taken up out of its order.
- (8) Miscellaneous business.

Rule 4. The rules of the House shall not be suspended except by a four-fifths vote of a quorum present and voting.

Rule 5. No rule shall be rescinded or amended without one day's written notice of the motion thereof being given.

Rule 6. Any matter may, by a vote of a majority of the members present, be made the special order for any hour, which shall take precedence at that hour of any other business except a motion to reconsider. *Provided*, That a motion to make a bill or resolution a special order shall give the number and title of the bill or resolution. *And provided further*, That no bill or resolution shall be set for a special order or consideration except by a resolution first referred to and reported from the Committee on Rules.

Rule 7. Upon the introduction of a bill the same shall be read by its title only, unless a reading at length be called for by some member, in which event it shall be read at length; and upon such reading, the bill shall be referred to a standing committee.

Rule 8. Every bill shall, on its first reading, be referred to a standing committee, but the reference to one committee shall not preclude a recommitment to another; and on recommitment the bill shall be open to amendment.

Rule 9. All bills shall be dispatched in the order in which they are introduced, unless the House otherwise directs.

Rule 10. No bill or joint resolution shall be received unless it is written on an entire sheet of paper.

Rule 11. When a motion is made it shall be stated by the Speaker; or if it is in writing it shall be read aloud by the Clerk. Every motion shall be reduced to writing if the Speaker or any member requests it.

Rule 12. After a motion is stated by the Speaker or read by the Clerk, it shall be deemed in possession of the House, but it may be withdrawn by leave of the House at any time before a vote is taken thereon.

Rule 13. Motions may be received in the following order when a question is before the House, to-wit: First, to fix the time to which the House shall adjourn; second, to adjourn; third, to indefinitely postpone; fourth, to lay on the table; fifth, the previous question; sixth, to postpone to a certain day, not beyond the probable duration of the session; seventh, to commit; eighth, to amend.

Rule 14. A motion to adjourn shall always be in order, even in the absence of a quorum.

Rule 15. The previous question shall be in the following form: "Shall the main question be now put?" If demanded by a vote of a majority of the members present, its effect shall be to cut off all debate and bring the House to a direct vote, first upon the pending amendments, if there be any, in their order, and then on the main question; but the mover of the question or the chairman of the committee having charge of the bill or resolution shall have the right to close the debate after the call of the previous question has been sustained, for not more than ten minutes.

Rule 16. Bills, motions, and reports may be recommitted at the pleasure of the House.

Rule 17. The tabling of an amendment or subsidiary motion shall not have the effect of carrying with it the original proposition.

Rule 18. When a bill is reported favorably to the House and a minority report accompanies the favorable report, the minority report shall be considered an amendment and the bill shall be read a second time; and said bill and minority report shall be placed on the calendar and be considered on the third reading of the bill.

Rule 19. Any member may call for a division of the question when the sense of the proposition will admit it.

Rule 20. No member shall speak more than ten minutes at any time, except as provided in Rule 29.

Rule 21. When the ayes and noes are desired, the Speaker shall be first called, and if the House be equally divided, the question shall be lost.

Rule 22. When a vote has been announced by the Speaker—except on a previous question, or on a motion to lay on the table, or to take from the table—it shall be in order for any member who voted with the prevailing side to move for a reconsideration thereof, *Provided*, that the motion is made on the same day, or by filing a written motion with the Clerk within one hour after reading the Journal on the succeeding day. Such motion shall be considered forthwith after disposition of any business then before the House or any business taking precedence thereto, unless by a majority vote the same be fixed for consideration at another time. When a motion for reconsideration is decided that decision shall not be reconsidered and no question shall be twice reconsidered. *Provided*, That a motion to reconsider a vote upon any incidental or subsidiary question shall not remove the main subject under consideration from the House. No bill or joint resolution of the House shall be sent to the Senate except by special order of the House until the time allowed for reconsideration shall have passed.

Rule 23. No member shall be permitted to explain his vote after a vote has been ordered upon any question except by unanimous consent.

Rule 24. When taking the yeas and nays the electrical roll call system may be used, and when so used, it shall have the same force and effect as a roll call taken viva voce.

When the House is ready to vote upon any question requiring a roll call and the vote is to be taken by the electrical roll call system, the Speaker shall announce: "The question is on (designating the matter to be voted upon). All in favor of such question shall vote 'yea,' all opposed, 'nay.' The House will now proceed to vote."

The Clerk immediately shall start the vote-recording equipment and when every member has voted, he shall lock the machine, record the vote, and advise the Speaker of the result; the Speaker shall announce the vote to the House.

Any member shall be privileged to vote or change his vote after the vote-recording equipment has started to operate; by rising in his seat and announcing his vote before the result of the vote has been announced by the Speaker.

No member shall vote for another member; nor shall any person not a member cast a vote for a member. In addition to such penalties as may be prescribed by law, any member who votes or attempts to vote for another member may be punished in such manner as the House may determine. If a person not a member votes or attempts to vote for any member, he shall be barred from the floor of the House for the remainder of the session, and he may be punished further in such manner as the House may deem proper.

A majority of the House shall be a quorum to transact business. If those who vote are sufficient in number to show that a majority constituting a quorum so acted, those who thus voted only shall be counted as constituting the House for the purpose of that vote; but when any question is put to the House, and a quorum is not recorded as voting, the Speaker shall, before announcing the vote, on his own motion or on suggestion of any member of the House, instruct the Clerk to record as present a sufficient number of those members physically present in the House to constitute a quorum, though all present are not participating.

Rule 30. Upon the call of the House the names of members shall be called alphabetically and each member shall answer from his seat.

Rule 31. When a vote is taken by eyes and noes and a member who has been absent returns before the question is decided, he shall be privileged to make inquiry of the subject before the House and to record his vote without discussion.

Rule 32. If any member transgresses the rules, in speaking or otherwise, the Speaker shall, or any member may, call him to order, in which case the member called to order shall immediately sit down, unless he is allowed to explain; and the House shall, if appealed to, decide on the case without debate. ## ALABAMA NEWSPAPERS AND PERIODICALS

The list below includes the titles of all newspapers and periodicals of every character, printed or published in the State of Alabama, so far as information has been obtainable. The arrangement is alphabetical.

As far as possible the date of establishment, size, both in inches and columns, subscription price, day of week and periodicity of issue and political complexion, are given.

Doubtless some papers have escaped, although diligent inquiry has been made to discover all now being published. The Department will gladly welcome any additions or corrections. The information is largely from *Ayer's Newspaper Annual* for 1952.

## CHAPTER XII.

### 1950 CENSUS

### ALABAMA POPULATION BY COUNTIES

### AND BY MINOR CIVIL DIVISIONS

#### NUMBER AND DISTRIBUTION OF INHABITANTS

**The State.**—Alabama was organized as a Territory in 1817 from the eastern part of Mississippi Territory and was admitted to the Union in 1819 as the twenty-second State with boundaries as at present. Its population on April 1, 1950, according to the Seventeenth Census, was 3,061,743. The State has a land area of 51,078 square miles. In 1950 there was an average of 59.9 inhabitants per square mile as compared with an average of 55.5 in 1940. Among the States, Alabama ranked seventeenth in population and twenty-seventh in land area.

In 1820, the first year in which it was enumerated as a State, Alabama had a population of 127,901 (table 1). In 1950, 130 years later, the population was about 24 times as large. The rates of population growth, which had been rapid in the early years, slackened after 1840. By 1900, however, the population was 1,828,697, or 14 times as large as in 1820. Both the largest numerical increase and most rapid rate of growth in the twentieth century occurred between 1900 and 1910, when an increase of 309,396, or 16.9 percent, was recorded. The gain of 228,782 between 1940 and 1950 represented an increase of 8.1 percent over the 1940 population of 2,832,961.

**Urban and rural population.**—The 1950 urban population of Alabama comprised 1,340,937 persons, or 43.8 percent of the population of the State (table 1). The urban population was living in the 85 urban places in the State and in the urban-fringe areas of the Birmingham, Mobile, and Montgomery Urbanized Areas and in the Alabama part of the urban fringe of the Columbus, Ga., Urbanized Area. More than two-fifths of the urban population was in the central cities of the three urbanized areas entirely in the State (table 2).

The rural population of Alabama comprised 1,720,806 persons, or 56.2 percent of the population of the State (table 1). Of the rural population, 131,127 persons, or 7.6 percent, were living in the 66 incorporated and 18 unincorporated places of 1,000 to 2,500 inhabitants (table 2).

**Urban definition.**—Under the urban definition established for use in the 1950 Census, the urban population comprises all persons living in (a) places of 2,500 inhabitants or more incorporated as cities, boroughs, towns,<sup>1</sup> and villages; (b) the densely settled urban fringe, including both incorporated and unincorporated areas, around cities of 50,000 or more; and (c) unincorporated places of 2,500 inhabitants or more outside any urban fringe. The remaining population is classified as rural. According to the urban definition used in previous censuses, the urban population, com-

prises all persons living in incorporated places of 2,500 inhabitants or more and areas (usually minor civil divisions) classified as urban under special rules relating to population size and density.

In both definitions, the most important component of the urban territory is the group of incorporated places having 2,500 inhabitants or more. A definition of urban territory restricted to such places, however, would exclude a number of equally large and densely settled places, merely because they were not incorporated places. Under the old definition, an effort was made to avoid some of the more obvious omissions by the inclusion of the places urban under special rules. Even with these rules, however, many large and closely built-up places were excluded from the urban territory. To improve the situation in the 1950 Census, the Bureau of the Census set up, in advance of enumeration, boundaries for urban-fringe areas around cities of 50,000 or more and for unincorporated places outside urban fringes. All the population residing in urban-fringe areas and in unincorporated places of 2,500 or more is classified as urban according to the 1950 definition. (Of course, the incorporated places of 2,500 or more are urban in their own right.) Consequently, the special rules of the old definition are no longer necessary.

According to the new urban definition, the 1950 urban population of Alabama consisted of the following components: (1) The 1,228,209 inhabitants of the 76 incorporated places of 2,500 inhabitants or more; (2) the 33,456 inhabitants of the 9 specially delineated unincorporated places of 2,500 inhabitants or more; and (3) 79,272 persons living in other territory in the urban-fringe areas of the Birmingham, Mobile, and Montgomery Urbanized Areas and in the Alabama part of the urban fringe of the Columbus, Ga., Urbanized Area. Since there were no places classified as urban under special rule in Alabama according to the old definition, the population of the first element comprise the urban population under the old definition. The population of the remaining elements—112,728—represents the gain in the urban population of Alabama which resulted from the change in definition.

Although the Bureau of the Census has employed other definitions in the course of its history, the statistics on the population by urban and rural residence for the years 1800 to 1940 are shown in accordance with the 1940 definition. The 1950 statistics are shown in accordance with both the new and old definitions.

**Trends of urban and rural population.**—Trends in the urban and rural population can be examined only on the basis of the old definition. On this basis, the urban population rose from 216,714 in 1900 to 1,228,209 in 1950 (table 1). More than one-third of the increase over the 50-year period came between 1940 and 1950, when the largest numerical increase in the history of the State was recorded. The gain of 372,268 for the decade represented an increase of 43.5 percent over the 1940 urban population of 855,941. All 20 cities of 10,000 inhabitants or more in the State shared in the growth of the urban population between 1940 and 1950, with the rates of increase

ranging from 12.6 percent for Fairfield to 212.5 percent for Prichard (table 4). In 1900 there was no city in Alabama with as many as 50,000 inhabitants; by 1950 the four cities of this size had a combined population of 617,296, or one-fifth of the population of the State (table 3). The proportion of the population of the State living in urban territory more than tripled over the 50-year period, rising from 11.9 to 40.1 percent.

Despite a decline of 143,486 between 1940 and 1950, the rural population of Alabama increased from 1,611,983 in 1900 to 1,833,534 in 1950 (table 1). The decline, the first in the history of the State, represented a loss of 7.3 percent from the 1940 rural population of 1,977,020. The decennial rates of gain for the rural population in the first four decades of the twentieth century were considerably below those for the urban population for the corresponding decades. As a result, the proportion of the population of Alabama living in rural territory dropped from 88.1 to 59.9 percent over the 50-year period.

**Counties.**—The 67 counties in Alabama ranged in size from Coosa with a population of 11,776 to Jefferson with a population of 558,928 (table 5). Between 1940 and 1950, 23 of the counties increased in population as against 48 in the previous decade. The most rapid rate of increase between 1940 and 1950 was recorded for Mobile County, which gained at the rate of 62.8 percent. As in the previous decade, the largest numerical increases were experienced in Jefferson and Mobile, the most populous counties in the State, which had increases of 98,998 and 89,131, respectively. The gains of these two counties accounted for more than four-fifths of the population increase for the State between 1940 and 1950.

**Minor civil divisions.**—To the primary political divisions into which counties are divided, the Bureau of the Census applies the general term "minor civil divisions." The minor civil divisions in Alabama are the election precincts except for the city of Mobile, which is independent of any precinct organization. The incorporated cities (except Mobile) and towns form subdivisions of the election precincts in which they are located.

Table 6 shows statistics on the population of each county by minor civil divisions for the last three censuses. The population of each city (except Mobile) and town is shown in *italics* under the population of the minor civil division in which it is located. When an incorporated place or unincorporated place lies in two or more minor civil divisions, the population of the several parts is shown in table 6 in the appropriate minor civil divisions, and each part is designated by "part." Figures on the total population of such places are given in table 7. Unincorporated places are designated by "uninc." Changes between the 1940 Census and the 1950 Census in the boundaries of areas listed are shown in notes to table 6. For changes in boundaries prior to the 1940 Census, see reports of the Sixteenth Census (1940), *Population*, Vol. I, pp. 72-79, and reports of earlier censuses.

**Incorporated and unincorporated places.**—There were 306 places in Alabama in 1950 incorporated as cities or towns and 27 unincorporated places of 1,000 inhabitants or more. The 230 incorporated places of fewer than 2,500 inhabitants accounted for 182,344 of the 1,410,553 persons

living in incorporated places. There were 61,672 persons living in the unincorporated places, 28,216 of whom were in the 18 places of fewer than 2,500 inhabitants. The incorporated places ranged in size from Stroud town with a population of 79 to Birmingham city with a population of 326,037.

Political units recognized as incorporated places in the 1950 Census are those which are incorporated as cities, boroughs, towns, and villages, with the exception that towns are not recognized as incorporated places in the New England States, New York, and Wisconsin.

The Bureau of the Census has delineated boundaries for the thickly settled urban fringe around cities of 50,000 or more and has also delineated boundaries for unincorporated places of 1,000 or more which are densely settled population centers without corporate limits. Although there are unincorporated places within the urban fringe, it was not feasible to establish boundaries for such places, and therefore they are not identified as separate places.

The count of urban places in the 1950 Census comprises all incorporated places of 2,500 or more regardless of location and unincorporated places of 2,500 or more which are located outside the urban-fringe areas. Incorporated places of less than 2,500 which lie in the urban fringe are not recognized as urban places.

**Central cities.**—Although an urbanized area may contain more than one city of 50,000 or more, not all cities of this size are necessarily central cities. The largest city of an area is always a central city. In addition, the second and third most populous cities in the area may qualify as central cities provided they have a population of at least one-third of that of the largest city in the area and a minimum of 25,000 inhabitants. The names of the individual urbanized areas indicate the central cities of the areas.

**Urbanized areas.**—There were three urbanized areas—the Birmingham, Mobile, and Montgomery Urbanized Areas—entirely within Alabama and one—the Columbus, Ga., Urbanized Area—partially within the State. Of the 761,050 persons in Alabama living in urbanized areas, 561,571 were in the three central cities in the State and 199,479 were in the urban-fringe areas. The urban-fringe areas had 125,076 persons in 12 incorporated places and 74,403 in the unincorporated parts (table 2 and 9).

Each urbanized area contains at least one city with 50,000 inhabitants or more in 1940 or according to a special census taken since 1940, and some urbanized areas contain two or more cities of 50,000. Each urbanized area also includes the surrounding closely settled incorporated places and unincorporated areas that meet the criteria listed in the section below on "Urban fringe." Thus, the territory of an urbanized area may be classified into incorporated parts and unincorporated parts. (See urbanized area maps.)

An urbanized area also may be divided into central city or cities and urban fringe as defined below.

**Urban fringe.**—The urban fringe includes that part of the urbanized area which is outside the central city or cities. The following types of areas

are embraced if they are contiguous to the central city or cities or if they are contiguous to any area already included in the urban fringe:

- 1. Incorporated places with 2,500 inhabitants or more in 1940 or at a subsequent special census conducted prior to 1950.
- 2. Incorporated places with fewer than 2,500 inhabitants containing an area with a concentration of 100 dwelling units or more with a density in this concentration of 500 units or more per square mile. This density represents approximately 2,000 persons per square mile and normally is the minimum found associated with a closely spaced street pattern.
- 3. Unincorporated territory with at least 500 dwelling units per square mile.
- 4. Territory devoted to commercial, industrial, transportation, recreational, and other purposes functionally related to the central city.

Also included are outlying noncontiguous areas with the required dwelling unit density located within one and one-half miles of the main contiguous urbanized part, measured along the shortest connecting highway, and other outlying areas within one-half mile of such noncontiguous areas which meet the minimum residential density rule.

<sup>1</sup> According to the new urban definition, the urban population comprises persons residing in urban territory but not necessarily in an urban place, which is defined as an incorporated place of 2,500 or more, or an unincorporated place of 2,500 or more located outside an urbanized area. Under the old definition, incorporated places of 2,500 or more and places urban under special rule are classified as urban places. There were no places urban under special rule in Alabama.

<sup>2</sup> Includes 79,272 persons in urban territory outside of urban places.

<sup>3</sup> Population of that part of Mississippi Territory as then constituted taken to form Alabama Territory in 1817.

Said bonds shall be general obligations of Jefferson County but shall also be payable primarily from and secured by a lien upon the sewer rentals or service charges, which shall be levied and collected in an amount sufficient to pay the principal of and interest on such bonds, replacements, extensions and improvements to, and the cost of operation and maintenance of, the sewers and sewerage treatment and disposal plants. Such sewer rentals or service charges shall be levied upon and collected from the persons and property whose sewerage is disposed of or treated by the sewers or the sewerage treatment or disposal plants and whether served by the part of the sewer system then being constructed, improved, or extended or by some other part of such system; and such charges or rentals shall be a personal obligation of the occupant of the property the sewerage from which is disposed of by such sewers or treated in such plants and shall also be a lien upon such property, enforceable by a sale thereof.

'Before issuing any bonds or levying or collecting any such sewer service charges or rentals, the proposal shall first be submitted to and approved by a majority of the voters of the County voting at an election to be called by the governing body thereof. Notice of such election shall be given by publication once a week for four successive weeks immediately prior to such election in a newspaper published and of general circulation in Jefferson County. Such notice and the ballot shall set forth the election in a newspaper published and of general circulation in Jefferson County. Such notice and the ballot shall set forth the purpose for which the bonds are proposed to be issued, the estimated cost of the proposed undertaking, the amount of bonds to be issued, the serial maturities thereof, and the maximum rate of interest such bonds are to bear, and a recital that the proposal includes the levying of sewer service charges or rentals to be secured by liens upon the property served. If at any such election a majority of the voters vote in favor of the proposed undertaking

and the bonds, the bonds so voted may be issued at one time or from time to time as the governing body of the County shall deem advisable.

‘With the prior approval of the governing body of any incorporated municipality therein, Jefferson County may take over, own, possess, control, expand, improve, maintain and operate any sewers or sewerage treatment or disposal plants of such incorporated municipality or, if such incorporated municipality has no sewers, Jefferson County may construct sewers therein. The authority to levy and collect sewer charges and rentals shall be limited to such charges as will pay the principal of and interest on the bonds and the reasonable expense of extending, improving, operating and maintaining said sewers and plants; and when the bonds shall have been paid off, service charges and rentals shall be accordingly reduced, it being the intent and purpose of this amendment that the expenses of needed improvements and extensions and maintenance and operation of the sewers and sewerage treatment and disposal plants and no other expenditures shall be paid from such service charges and rentals.’

Any limitations in this Constitution notwithstanding, the Legislature may designate the names and fix and prescribe the number, designation, terms, qualifications, and method of appointment, election, and removal of the officers thereof; define their duties and fix penalties for nonperformance; fix and define boundaries of the terri-

tory so governed and specify its name, title, or manner of designation; and provide for the discontinuance of such form of government when deemed advisable.

"Such consolidated unit of government may levy and collect such taxes as are now or may hereafter be permitted to be levied by counties, and in addition thereto, all such taxes as are now or may hereafter be permitted to be levied by any municipality within any such consolidated area. For the purpose of levying such taxes, the Legislature shall provide a method and procedure by which the governing body may arrange, locate, change, or relocate any portion or portions of such territory into urban districts. State and county taxes, at the rate provided by the Constitution and by law, shall be levied throughout the consolidated territory or area. The governing body shall have the power to levy additional taxes in the urban districts, which need not be uniform among the districts, in such consolidated territory or area at a rate not exceeding the highest rate of taxation allowed or permitted any municipality therein, at the time of such consolidation or merger.

"Such consolidated unit of government shall have all the power and authority to incur debt enjoyed by counties and municipalities subject to the limitations imposed by the Constitution and by law. In determining the constitutional debt limit, the provisions of Section 224 and Section 225 of the Constitution shall apply; provided, however, that all such property located within urban districts shall be taken and considered as being within a municipality. Bonded and other indebtedness of the political subdivisions united, consolidated, or merged under the terms of this section, existing at the time of such union, consolidation, or merger, shall be enforceable only against the property theretofore taxable therefor.

## CONSTITUTIONAL AMENDMENTS VOTED ON DECEMBER 13, 1949

At an election of the qualified electors held on Tuesday, December 13, 1949, under authority of Act passed by the Regular session of the Legislature of 1949 at which session the following amendments to the Constitution were proposed to be submitted at said election, votes for said amendments were cast as follows, to-wit:

## PROPOSED AMENDMENT NO. 1

"Shall the following be adopted as an amendment to the Constitution of Alabama?"

"(a) Notwithstanding anything contained in the Constitution of the State of Alabama, or any amendment thereto heretofore adopted, the Governor shall from time to time issue negotiable interest bearing bonds for the purposes and in the manner and subject to the limitations stated in this amendment. The bonds shall be the general obligation of the State of Alabama and the full faith and credit and taxing power of the State are hereby pledged to the punctual payment of the bonds and the interest thereon. The aggregate principal amount of all bonds issued hereunder shall not exceed two million dollars (\$2,000,000) and they shall mature within ten years from the date of issuance.

"The proceeds from the sale of such bonds are hereby appropriated and shall be used solely for the construction of hospitals and hospital facilities pursuant to Act No. 211, S. 107, approved July 7, 1945 (General Acts of Alabama, 1945, page 330), or any act supplemental thereto or amendatory thereof; provided, that the funds appropriated hereby shall be used only for the construction of hospitals, clinics, or health centers under contracts which have been or are let on or after May 1, 1949, and that the funds shall be used to match federal funds available for hospital, clinic or health center purposes, and that the local governments in the area where each hospital, clinic or health center is to be built shall contribute at least as much money for the construction as does the State; and provided further that the State shall not contribute more than three hundred fifty thousand dollars (\$350,000) to the construction of any one hospital, clinic or health center.

"In determining where a hospital, clinic or health center to be constructed with the funds appropriated herein shall be located, first consideration shall be given to communities which have no hospital, clinic or health center facilities. Each county having no hospital, clinic or health center facilities shall be entitled to an allotment of not less than sixty thousand dollars (\$60,000) for such facilities if application is made therefor before January 1 of each year. Any funds available for hospital, clinic or health center facilities remaining on January 1 of each year after allotments have been made to those counties having no such facilities and having not already received an allotment and which have made application therefor may be allotted to those counties having such facilities which have made application therefor. However, counties receiving prior allotments hereunder shall not be precluded from receiving a larger allotment or an additional allotment at the discretion of the State Board of Health.

"District tuberculosis sanatoria in the districts set up in Act No. 287, S.

22, approved July 7, 1945, shall be eligible for construction under the provisions of this Amendment, and 25 percent of the proceeds from the sale of bonds authorized by this Amendment shall be reserved for the construction of tuberculosis sanatoria; provided, at the end of each calendar year funds not obligated for either general or tuberculosis hospital construction may be used during the next year for either type construction; and provided further, that the local governments or authorities in the area where the sanatorium is to be built shall contribute at least as much money as does the State. A sum not to exceed forty thousand dollars (\$40,000) may be used by the State Board of Health for hospital administration for each of the two (2) years ending in 1950, and 1951; this appropriation shall be cumulative.

“(b) All bonds issued hereunder and the interest thereon shall be payable from any funds in the state treasury not otherwise appropriated. The bonds shall be payable in substantially equal installments of principal and interest beginning in the next fiscal year after their date; they shall bear interest at a rate not exceeding two percent per annum payable semi-annually; and they shall contain a provision for their call for payment at such a time or times prior to maturity, and at such a premium, if any, as the Governor may prescribe. All bonds issued hereunder shall be sold to the highest bidder at a duly advertised public sale, on sealed bids or at auction, and shall not be sold for less than par and accrued interest; provided, bidders may be invited to name the rate of interest which the bonds are to bear, in which case the bonds shall not be sold at a price which would yield more than two percent according to standard bond tables, taking into account the discount and call privilege.”

Against Amendment 25,464 votes.

### PROPOSED AMENDMENT NO. 2

“Shall the following be adopted as an amendment to the Constitution of Alabama?”

“The provisions of Section 224 of the Constitution of Alabama notwithstanding, the governing body of Marion County, Alabama, is hereby authorized to issue bonds, warrants, or other evidences of indebtedness and to pledge in payment of the principal and interest due upon any such bonds, warrants, or other evidences of indebtedness, only the proceeds derived, or to be derived, from any special county privilege, license or excise taxes heretofore or hereafter levied and collected within Marion County, Alabama, for the sole and exclusive purpose of constructing, equipping, operating, maintaining or improving public hospitals or related hospital or health facilities, including clinics, nursing homes, public health centers and laboratory facilities, or for such other public purposes of any kind and description as in the judgment of the governing body of the county of Marion is meet and proper. The proceeds derived from the sale of such bonds, warrants, or other evidences of indebtedness, may be used by the governing body of Marion County for any or all of the purposes enumerated herein, and no other. The bonds, warrants, or other evidences of indebtedness issued and sold under the provisions of this amendment may be interest bearing bonds, warrants, or other evidences of indebtedness with maturity date fixed at any time within thirty years next succeeding the date of issuance of such securities.

“The tax levied and the method of collection provided therefor by Act

No. 115 approved June 22, 1949, levying in Marion County, Alabama an additional special privilege or license taxes and excise taxes be and the same hereby is in all things validated and confirmed, any provision or provisions of the Constitution of Alabama of 1901 to the contrary notwithstanding."

For Amendment 28,150 votes.

Against Amendment 22,673 votes.

### PROPOSED AMENDMENT NO. 3

"Shall the following be adopted as an amendment to the Constitution of Alabama?"

"This amendment shall apply in all counties except Mobile and Jefferson Counties. The term "public hospital purposes" as used in this amendment shall be construed to include the acquisition by purchase, lease, or otherwise, and the construction, equipment, operation, and maintenance of public hospital facilities. The term "public hospital facilities" as used in this amendment shall be construed to include public hospitals, public clinics, public health centers, nurses' homes and training facilities, and related public health facilities of any kind.

"If a majority of the qualified electors of any county in the state, except Mobile and Jefferson Counties, who participate in an election held therein pursuant to the provisions of any amendment to the constitution heretofore adopted shall vote at such election in favor of the levy and collection of a special county tax, within the limitations provided in such amendment, for any one or more of the purposes included within the meaning of the term public hospital purposes, the proceeds derived from the tax authorized at such election may be applied for any one or more of the purposes for which said tax may be so voted. Whenever the tax shall be voted the governing body of the county may anticipate the proceeds therefrom for any one or more of the purposes for which the tax shall be voted by issuing, without further election, interest bearing tax anticipation bonds, warrants, or certificates of indebtedness of said county payable solely from and secured by a pledge of not exceeding 75% of the annual proceeds from said tax received by the county.

"The governing body of each county in which the said tax may be voted shall have the further power to designate as the agency of the county to acquire, construct, equip, operate and maintain public hospital facilities any public corporation heretofore or hereafter organized for hospital purposes in the county under any general law heretofore or hereafter enacted by the Legislature. When a public corporation shall be so designated, the proceeds of said tax thereafter collected shall be paid over to it and shall be used by it for any one or more of the purposes for which the tax shall have been voted; provided, that payment of the proceeds of said tax to said public corporation shall be made only to such extent as will not result in the impairment of the obligation of any contract theretofore made with respect to said tax. Said public corporation may anticipate the proceeds from said tax so required to be paid to it by issuing, for any one or more of the purposes for which the tax shall have been voted, the bonds, warrants or certificates of indebtedness of said public corporation, and may pledge for the payment of the principal thereof and interest thereon not exceeding 75% of the annual proceeds from said tax so paid to it.

"Each county in which the tax shall be voted, and in the event a public

corporation shall have been designated as the agency of such county pursuant to the provisions hereof then said public corporation, shall have the power to contract with any other county or similar public corporation with respect to the acquisition by purchase, lease, or otherwise, and the construction equipment, operation, and maintenance of public hospital facilities outside of the county and within any zone or region of which the county may be a part, and which may have heretofore been established or may hereafter be established for public hospital purposes by the Legislature or by any agency designated by it, the obligation of such contract to be payable solely out of the proceeds of said tax; provided, that the proceeds of said tax shall not be used outside of the county for any purpose for which the proceeds could not be used in the county, and shall not be used with respect to public hospital facilities located outside of the county if the tax is voted specifically for public hospital facilities located in the county.

"No securities issued or contracts made by a county under the authority of this amendment, which are payable solely out of the proceeds of said tax, and no securities issued or contracts made by any such public corporation, whether or not issued or made under the authority of this amendment, shall be construed to be bonds of the county or of a political subdivision thereof within the meaning of Section 222 of the constitution, or construed to create or constitute an indebtedness of the county within the meaning of Section 224 of the constitution. Said securities shall be construed to be negotiable instruments notwithstanding the fact that they may be payable solely from a limited source. All pledges of said tax and all contracts made with respect thereto pursuant to the provisions of this amendment shall take precedence in the order in which they are made and shall create a charge on the proceeds of said tax prior to the expenses of operating and maintaining any public hospital facilities.

"In each instance in which a special county tax for any one or more of the purposes included within the meaning of the term public hospital purposes has heretofore been authorized at an election held in a county pursuant to the provisions of any amendment to the constitution heretofore adopted, all provisions of this amendment shall be applicable in said county to the same extent as if said election had been held after the adoption of this amendment.
